National Shop Steward Trainer and our own Eastern Area Vice President, Sam D'Ambrosio conducted a Steward's Training Seminar on Friday August 5 for Local 308's newest representatives. Training and education is absolutely critical to providing the best representation possible and Brother D'Ambrosio began by laying the solid foundation these stewards need as they begin their Union education. We thank all who participated and pledge to provide you with the resources needed to defend the rights of Mail Handlers.
